Exhibit No. 2

Bangalore
21st July 1895

My Dear Sir,

I received your letter dated 18th instant on the same evening. The last sanction for the disbursement of Rs. 32,006-12-6 in connection with the Kolegal Project was received on the 17th instant, and the parties interested have been called upon to appear before me on 1st August to receive payment. The bulk portion of the work may be completed before the 15th proximo.

21 cases sent up for adjudication are pending before the District Court and they are booked for settlement. Issues have been framed in 20 cases to the 20th instant and the others to August. If I am to watch the proceedings, the final hearing may not come off before September and my presence there will be necessary.

Besides the above, 19 cases, in connection with the Superintending Engineer and the City Railway Extension are

are also before the District Court.

Next as regards the Hessaraghatta Project Rs 13,902-3-a are yet to be disbursed. Of this amount Rs 5789-12-10 are due for Sarvee Inam lands Collage Servants and Rs 2326-2-7 are for Devadoya Tank lands and it is a question whether these sums should be paid in full to the holders of these lands or other lands should be found for them, if necessary even by purchase. I am inclined to think that only a portion of the confiscation amount should be paid to them as cost of improvement and lands should be given as Inam. This is the case especially with Devadoya lands. With this view I am in communication with the Amildars of Doddaballapur and Nelamangala. If this work is to be done by me it might occupy some time.

There is also the question of the establishment of 5 more villages in place of those to be removed from the bed of the Hessaraghatta tank. The Dewan had personally directed me to settle the village sites

in communication with Lee, but the latter has put off coming to the point from time to time and finally wrote me that as he was recalled (or other words he was not able to attend to them. I have brought this to the notice of the Durbar. There is also the objection of the villagers to move out of the valley, which however is considered necessary by the Durbar. The lands of such of them as are not willing to distribute themselves in the existing villages or build their houses out of the valley containing to hold their lands have to be purchased by payment of compensation. On my representation the Durbar was pleased to pass that he would pass orders in the matter. Pending further instructions in this respect, two fourths of the work remains to be done
